

# Egypt Aggressor Red Sea Liveaboard St. John's, Southern Itinerary

March 18,2023 to March 25,2023

Join the Brass Anchor and Aggressor Adventures for a life changing diving adventure aboard the Red Sea Aggressor III. With awesome visibility and breath-taking soft corals, the Red Sea is one of the most popular liveaboard scuba diving destinations in the world.

The Red Sea Aggressor III operates from Port Ghalib, a beautiful resort community. Divers may choose from two itineraries: The Brothers, Daedalus, Elphinstone itinerary or the St. John's Reef which also includes Daedalus. While the Red Sea is known for dazzling soft corals, divers will also enjoy exhilarating, high-energy pelagic action. Whale sharks, marlin, great hammerheads, spinner dolphin, mantas, blue-fin tuna and thresher sharks

are a sample of what can be seen in the southern Red Sea.

**The Brothers** islands are among the most beloved places in the Red Sea, despite being only accessible by Egypt liveaboards and in an exposed location. Flourishing soft and hard coral growth overwhelms sheer walls where many pelagic fish dominate the blue. [More details on these dive sites: [Brothers.](#)]

Due to its remote location, **Daedalus Reef** is a pristine site and one of the best to visit on Red Sea diving cruises. Currents, while occasionally trying, mean predators such as trevally, tuna and hammerheads are common visitors along with the less commonly sighted thresher sharks. [More details on these dive sites: [Daedalus.](#)]

In the most southerly of Egyptian waters, the **St John's Reefs** system is riddled with tunnels and swim-throughs as well as shallow reef flats and steep walls. It therefore provides something very different from many other areas of the Red Sea. There is a great mix of pelagic action here as well as vibrant reef life.

## Trip at a Glance:

Dates: March 18<sup>th</sup>-March 25<sup>th</sup>,2023

Cost: Deluxe Suite \$1699 Dble Occ

Master Suite \$1799 Dble Occ

Meals,drinks and accommodations are included, diving and tanks and weights
