Land tours will include Table Mountain and a visit to see the South African Penguins and much more. Brass Anchor will provide an Itinerary for the schedule with locations and times including normal dives, land tours and baited dives. We will do a half day Safari from our location at Protea Banks as well as some amazing shark dives as well as after visiting Aliwal Shoal reef. So much biodiversity. The conclusion Protea Banks and on May 6th we will be visiting the River Bend Crocodile and Lake Eland and the Oribi Gorge.
